

Autism Society Greater New Orleans 2023 Impact Report

In 2023, our organization continued to expand the services and supports we provide to the Autism community in the Greater New Orleans area. We served more people through every one of our programs in 2023 than in 2022. Additional funding is critically needed to help us scale our programs and services to match the needs of our community. We are proud to continue to strive to fulfill our mission to create connections, empowering everyone in the Autism community with the resources needed to live fully.

Over 11,000 people accessed resources and education materials on our website

292 attendances to our online social and support groups.

Over 80,000 people engaged with ASGNO's posts and content on social media

30 events were held in the GNO area with over 1000 attendees

Information & Referral Services

- **Over 600 people assisted through our helpline** via calls, emails, and social media.
- This program received **132% more contacts** compared to 2022 and **234% more contacts than 2021**
- **April was our most popular month for contacts.**

Distributed over **\$13,000 to area families and Autistic adults.** through our Mini-Grant Program

Trained 55 healthcare providers at 7 clinic sites on Autism and our accessible vaccination model.

We provided **617 free Accessible Vaccination Kits** at 43 events for individuals and families to use.

Hosted 13 inclusive vaccine distributions and administered over 1600 vaccines to individuals of all ages and ability levels using our accessible model

"After [my child's] diagnosis I was lost, overwhelmed, and really needed someone to talk to. Claire's kind support and detailed information was exactly what I needed. She helped me find direction and confidence."

I&R Services Testimonial

"Thank you so much. You have sent me more than I could have imagined possible."
